Tania Hens has been drawing and painting since she was three years old.

After a career as a geologist living in various countries around the world, she devoted herself again to painting in 1999, being inspired by the bright light, the people and culture of Oman.

For four years she and her husband explored the oceans, Europe and the Caribbean by sailboat, being immersed in nature.

She loves exploring new ways of creating art and exhibited in Oman, Dubai and Panama. She enjoys leading workshops, inspiring people to express themselves and experience the creative process.

Sunita Rajvanshi's passion for Art started in early childhood. Her relocation to Oman 3 years ago rekindled her passion and now she is using it to reach out and help the less privileged across the world.

She already did two exhibitions in Muscat for charitable causes. She also worked as AWG art coordinator for 3 years and she is teaching "Mixed Media Techniques in Collage" in PDO art centre since 2009. She is running a charitable organization called Second Chance Charitable Society in India to help the needy. She is experimenting with different textured backgrounds with Acrylics and is planning to write a book about this.
